

A Partner With Solutions To Your Occupational Healthcare Needs

Dear Valued Client,

We're excited to announce that Physicians Immediate Care has purchased Tyler Medical Services in Aurora. Our St. Charles location will continue to remain open and operate unchanged as Tyler Medical Services.

Physicians Immediate Care, the largest occupational health and urgent care provider in Illinois, has been serving thousands of clients across many industries for more than 25 years. Physicians Immediate Care is located just a few blocks from Tyler's Aurora clinic at 2853 Kirk Road, across from Walmart.

Dr. Long and I will be assisting Physicians Immediate Care at their Aurora clinic, partnering with their onsite physician Dr. William Zander. Dr. Zander is board certified in emergency medicine, and has been treating patients for more than 20 years.

The clinic on Kirk Road has extended hours. They're open from 7:30 a.m. to 8 p.m. Monday through Friday and 8 a.m. to 4 p.m. on weekends. This means you'll have more options for the treatment of your employees. In addition to extended hours, you'll find enhanced digital capabilities like online medical authorization and the ability for your employees to check in online before arriving at the clinic if they choose to do so. Physicians Immediate Care also offers urgent care, so your employees can also be seen for things like fever, sprains and strains and other medical needs that didn't arise on the job.

We feel confident you'll continue to receive the care you've grown to expect from us with Physicians Immediate Care. We're working closely together to transfer your information to their systems so the transition is seamless for you. Our goal is to ensure that the care of your employees and knowledge of your protocols will easily be transferred to the new location without interruption to your service or the treatment of your employees. **Please contact Physicians Immediate Care Corporate Services team at 815-654-2300 ext. 2417, 2421 or 2427 to review your company protocols to ensure their accuracy.**

Also, we'll be hosting a luncheon with Dr. John Koehler, who is board certified in Occupational Medicine, and is the Physicians Immediate Care Medical Director for Occupational Medicine. An invitation will be coming soon.

Our primary goal is to make sure this transition is seamless for you. **Please feel free to reach out to me with any questions.** Again, our St. Charles location will remain open, and Dr. Long and I will continue practice at this location without any changes and with the same level of service you have come to expect from us.

Healthy Regards,

Dr. George W. Pappas
